

Federal Purchase Proposal

Rail Unions Call On Government to Take Full Control Of Seized Lines

WASHINGTON, May 26.—(AP)—A union demand that the government "begin preparations" to buy the railroads seemed to have little prospect today of being taken seriously in official Washington.

A group of 20 railroad unions made the proposal last night.

Their own leaders did not entirely agree on how far they want to go with nationalization of the industry.

Presidential press secretary Ross was asked at a news conference whether "nationalization" of the railroads is under consideration. He said: "No."

Only congress could take such action.

Railroad management officials made light of the proposal.

W. T. Farley, president of the Association of American Railroads, termed it "an attempt to divert attention" from the fact that three unions — the engineers, firemen and switchmen — rejected the recommendation of an impartial board in the present rail dispute.

To Aid of Brotherhoods
Heads of the 20 unions, banded together in the railway labor executives' association, came to the aid of the engineers, firemen, and switchmen last night.

The 20 executives unanimously adopted a bitter resolution. In it, they condemned the government as a "strike-breaking agency" because it seized legal control of the railroads May 10 and thus blocked a scheduled strike by the three unions.

H. W. Fraser, chairman of the Railway Labor Executives' Association and president of the Order of Railroad Conductors, said: "We are not suggesting nationalization beyond the present case."

The association includes 15 A. F. L. unions that have members working for railroads, four independent unions and one CIO union.

Two big independent brotherhoods are not members of the association. They are the Locomotive Engineers and the Railroad Trainmen.

A. F. Whitney, head of the Trainmen, said in Chicago last night:

"The government should, in my opinion, take the railroads over at the market, issue three per cent bonds to cover the purchase and establish a solvent railroad industry to serve the public, instead of a system that heretofore served the moneychangers."

In Kansas City, J. M. Prickett, first vice president of the Kansas City Southern Lines, told a reporter:

"If the railway labor executives are aiming at permanent government control of the railroads, I don't think they speak the feelings of the men they represent."

PHILADELPHIA, May 26.—(AP)—A drug designed to relieve fear, nervous tension, anxiety and pain was announced today by Sharp & Bohme, Inc., drug manufacturers.

The company identified the preparation as "delvalin-aspirin."

It will be sold only at a physician's prescription.

The new drug, the company said, "is applicable especially in myalgic (muscular), neuralgic and arthritic conditions, particularly in hypersensitive, neuroathetic or nervous patients, or those suffering from anxiety tension states."

"It is especially useful in allaying fear and controlling pain preceding minor surgical operations."

The company said the drug "produces calmness, induces refreshing sleep without 'hangover' on awakening, is a central nervous system depressant and is relatively non-toxic."

Stassen Speaks in Springfield Saturday

SPRINGFIELD, May 26.—(AP)—Harold E. Stassen, an aspirant for the Republican nomination for President, will arrive here by plane Saturday afternoon and will speak at the Shrine Mosque that night, Assistant Prosecutor Milton Kirby said today.

Kirby said his information was contained in a letter from Stassen, who has made all arrangements for the ex-Minnesota Governor's visit here.

To Observe Monday As a Holiday

The Sedalia stores will be closed all day Monday, which will be observed as a holiday because Memorial day falls on Sunday.

Offices in the City Hall and Court House will also be closed on that day.

Eighty-one Today

LONDON, May 26.—(AP)—Britons sent flowers and messages today to Queen Mary, quietly observing her 81st anniversary.

Princess Margaret Rose was absent from the royal luncheon at Buckingham palace. She has the measles. But others of the royal family and a few guests paid tribute to the spry and regal dowager.

Scores of congratulations arrived early. Crowds cheered along the street as Queen Mary drove from her home at Marlborough House to the palace. A steady stream of roses, larkspur, sweet peas and other flowers reached her from admirers throughout Britain.

Need Federal Aid
Mr. Truman wrote Martin that: "Rapid increases in school population have resulted in overcrowding. Higher prices have brought sharp increases in construction and operating costs. Teachers have been attracted away from schools by jobs in other fields. Many teachers who have remained in schools are underpaid and must have their salaries increased."

"Unless the federal government comes to the aid of the states in meeting these needs, there is danger of a serious breakdown in our systems of education. We cannot take such a risk," the president said.

Retiring President, Wm. F. Brown, Given Past President Pin

Paul Hausam, president and general manager of the Mid-west Auto Stores, was installed as President of the Sedalia Lions Club for the coming year at the regular noonday meeting of the organization at Hotel Bothwell, this noon.

Installation of other officers, elected last week, was also conducted by Cline Cain, past president, acting at the installation officer.

President Hausam succeeded William F. Brown, who was presented a Past-President lapel button by President Hausam in behalf of the Lions.

Others Installed
Others installed were: Sam Highleyman and Jack O. Pasley, vice presidents; A. W. Haller, treasurer; Lloyd Phillips and Harold Seaberg directors and past president Brown as a member of the board of directors; Abe Silverman, tall twister; Charles Maggard as secretary. Two officers were unable to be present and their installation will be conducted at a later meeting. They are Dr. G. H. Abney, vice president, and Bob Cain, Lion Tamer.

Cline Cain in his opening remarks prior to the installation reviewed the activities of the local organization with reference to committees and work accomplished during the past year. He paid tribute to the chairmen of the committees and to the administration of President Brown.

Bob Moore, of the Sedalia Cleaners, was a guest of Abe Silverman.

A board of directors meeting was announced for Thursday night, June 3.

Benes Gravely Ill
LONDON, May 26.—(AP)—An official Czechoslovak diplomatic source said today President Eduard Benes is "gravely ill" and is not expected to recover.

HEMPSTEAD, N. Y., May 26.—(AP)—An attractive 28-year-old blonde divorcee today offered herself "for sale" as a wife to a man with \$10,000 and willing to support her and her two small children.

Mrs. Dorothy Lawlor of Hempstead, offered this "Situation Wanted, Female," classified ad to Newsday which published her story.

"Wife for sale. Divorcee, blonde, attractive, wants man to marry and support her and two children. Must be willing and able to make immediately \$10,000 cash settlement."

'Real Crisis Exists' in U.S. Education

Truman Urges Bill Providing Federal Aid For Schools

WASHINGTON, May 26.—(AP)—Saying a "real crisis exists" in American education, President Truman urged the house anew today to pass a senate bill providing \$300,000,000 in federal aid for the schools.

The senate-approved measure has been bottled up in the house labor and education committee awaiting a go-ahead signal from Republican leaders.

Mr. Truman wrote Speaker Martin (R-Mass) that necessary increase for national defense and other activities since the new budget was submitted last January "present no valid reason for delaying federal aid to education."

"On the contrary," Mr. Truman's letter said, "I consider that such assistance will be a major contribution to the vitality of American democracy, which is the foundation of all our efforts toward peace and freedom."

Action Needed
Only yesterday at a White House conference, Mr. Truman called on Democratic leader to press for action at this session on the education bill.

Meanwhile, Rep. Wheeler (D-Ga.) filed a petition seeking to force a showdown on the house floor on the bill. His petition would require signatures of 218 house members to bring the measure out of the committee for a house vote.

Wheeler told the house it would be a national tragedy to hold the legislation back until next year. It provides for grants in aid to the various states for elementary and secondary schools.

COP leaders have not definitely closed the door on the bill, but have said the rush of business before scheduled adjournment of congress June 18 may postpone action until next session.

Mr. Truman wrote Martin that: "Rapid increases in school population have resulted in overcrowding. Higher prices have brought sharp increases in construction and operating costs. Teachers have been attracted away from schools by jobs in other fields. Many teachers who have remained in schools are underpaid and must have their salaries increased."

Sales Higher Than Estimates

BOONVILLE, Mo., May 26.—(AP)—The auction of furnishings of the historic old river mansion, Riverscane, ran 50 per cent higher than pre-sale estimates, L. W. Donaldson, Kansas City antique dealer and auctioneer, said today. Donaldson and his client, Mrs. Millard Ambrose, Rocheport, Mo., a granddaughter of Capt. Joseph Kinney, early-day steamboat operator, who built Riverscane in 1869, declined to say what the sale yesterday totaled. Observers estimated the total amount at \$8,000 to \$10,000.

Sales ranged from 50 cents for a few pieces of chipped glassware to \$2,150 for a banquet table bought by C. B. Russell of Lawrence, Kas. Dolphin cake stands sold for \$90 to \$130 a pair and a brass kerosene lamp brought \$20.

Vote Fraud Cases Are Continued

ST. LOUIS, May 26.—(AP)—Two vote fraud cases set for trial in Cape Girardeau next month have been continued until the October term of court by U. S. District Judge Rube M. Hulien.

The cases were postponed at the government's request. They grew out of grand jury investigations into alleged voting irregularities at Poplar Bluff during the November, 1946, general election.

Similar charges involving voting at Cape Girardeau were dropped recently after key witnesses declined to testify on grounds of personal incrimination.

Died While Strapping Girls

HOPEMAN, Eng., May 26.—(AP)—George Adam, 63, school headmaster, suffered a heart attack and died yesterday while strapping three girl pupils across the palms for playing hockey. The school closed for the day.

Married at 15 and divorced 8 years ago, Mrs. Lawlor claimed that her former husband refused to support her and her children, Dorothy, 11 and Tommy 10. She works part time as a registered nurse and has a job as hat check girl in a night club.

"I just don't believe in love," she said. "But surely, somewhere, there must be a man who wants a wife and two fine children. Perhaps we could learn to love each other after a time."

She said she has admirers and "could get married tomorrow, but the cash isn't there."

Generally Fair Weather Over U.S.

CHICAGO, May 26.—(AP)—Generally fair weather was reported over most of the country today, but falls of heavy rain hit parts of the south and southwest yesterday.

Shreveport, La., and Jackson, Miss., reported more than two inches of rain yesterday, while the falls in Texas and Oklahoma measured from one-half to one inch. A rain belt extended from Utah and Colorado southeastward into Texas and also along the Atlantic coast.

Temperatures hit high marks in the gulf states and in Arizona yesterday—a high of 100 at Phoenix, Ariz. Low reading this morning was 30 above at Cadillac, Mich.

Gas to Serve New Housing For Sedalians

PSC Changes its Curtailment For Western Missouri

JEFFERSON CITY, Mo., May 26.—(AP)—The Missouri Public Service Commission changed its gas curtailment order Tuesday to let new housing in western Missouri get natural gas from Cities Service distributing companies.

Under a previous temporary order, all new gas customers would have been banned, including residential as well as commercial and industrial.

Tuesdays order will permit gas connections for new houses, but will allow the gas service company of Kansas City and other distributing companies to deny service to commercial and industrial users when supplies get short next winter.

The revision also allows conversion from coal or oil to gas in certain cases. They include hardship cases where residents are ill, shops where gas burning equipment has deteriorated beyond repair.

The order is effective June 4. PSC Chairman Morris E. Osburn said it is almost identical with a similar order of the Kansas corporation commission.

Hearing Was Held
Cities Service and Gas Service Company witnesses testified at a hearing earlier this month their gas supplies would fall far short of meeting the demand next winter. They held out little hope of relief from the shortage until a new pipeline is completed from the Hugoton natural gas field of southwestern Kansas to Kansas City—scheduled for the fall of 1949.

Today's order exempts the city of Springfield, which has a municipal system. The city objected to being included in any curtailment order and the commission upheld its objections.

Other companies affected are: Missouri Gas and Electric, serving Lexington, Marshall, Platte City, Tracy, Weston, Richmond and Henrietta.

Missouri Public Service Company, serving Nevada and Sedalia.

Carl Junction and Smith Field, Citizens Gas Company of Oronogo.

'Old Timers' Night' at Elks

It is "Old Timers Night" at the regular meeting of B. P. O. Elks lodge No. 125, tonight. The occasion is in honor of all members of the local lodge who belonged to the order before the present location of the Elks Home was established, and who helped make possible the present facilities.

The older members in attendance will be specially honored and an old time initiation will be given a group of candidates.

Presiding officers for the evening will be: Carl F. Urban, Exalted Ruler; O. E. Poundstone, Estemed Leading Knight; Carl G. Schrader, Estemed Loyal Knight; Dr. M. E. Gouge, Estemed Lecturing Knight; Roy Snyder, Esquire; Jos. L. Rosenthal, Chaplain; Jos. W. Reid, Secretary; James I. Collins, Treasurer; Alfred L. Dickman, Tiler and Philip McLaughlin, Inner Guard.

Following the initiation a program of entertainment with refreshments has been arranged by the special committee of which Lloyd Taylor is chairman.

Contract Awarded
KANSAS CITY, May 26.—(AP)—A contract for the construction of the first of 87 levees on the Missouri river between Rulo, Neb., and its mouth was announced here today by the district army engineers' office.

The contract for the 11½ mile long Forbes levee unit, 28 miles above St. Joseph, Mo., was awarded to the Porter Dewitt Construction Co., of Poplar Bluff, Mo., for \$918,182.40.

The Weather

Central Missouri: Generally fair, not much change in temperature tonight and Thursday; low tonight in lower 50s; high Thursday in upper 70s.

Temperature: 7 a. m. 47 degrees; 2 p. m. 82 degrees.

Lake of the Ozarks: 3.9; fall 2.

Sun rise 4:52 a. m. Sun set 7:29 p. m. Last quarter moon May 30; new moon June 7.

Many Articles Missing From Cabins Found

Deputy Sheriff of Morgan County Arrests Four Men

An epidemic of robberies of the summer cottages and cabins on the Lake of the Ozarks, south of Versailles, apparently has been solved through the alertness of Deputy Sheriff Burl Cox of Versailles. Four men have been jailed in connection with the ransacking of the cottages and cabins and are charged with conspiracy to burglarize and dispose of stolen property.

The "tip" came when Deputy Cox went to a residence in south Morgan county to arrest Raymond Peoples for Sheriff Edw. Goetz of Sedalia. As he walked into the house he noticed an electric clock on the wall, a clock advertising Four Roses whisky. He knew such a clock had been stolen from W. G. Whitaker's summer home on Lake Road No. 8. Mr. Whitaker resides at 519 West Broadway in Sedalia.

At the Morgan county jail he questioned Peoples regarding the clock and he told of buying it. From then on Cox continued his investigation which led to the recovery of property valued at more than \$1,500, the clearing up of robberies of eight or more cabins and the arrest of the four men.

Those in Jail

In jail are Leo Hibbon, Gravois Mills and Hubert Burkhardt of near Stover, who are also charged with breaking and entering a cabin and grand larceny; Jack Wheeler and Jack Hayes, both of Fulton, who it was said by Cox admitted getting articles from the former two men.

This morning Hibbon and Burkhardt were arraigned, waived their preliminary hearing and were bound over to the criminal court in Morgan county. Wheeler and Hayes asked for a preliminary hearing which has been set for June 2.

The robberies have been occurring since last fall, one of the summer homes being that of Mr. Whitaker which was not only ransacked but badly damaged. Two other cabins were those of Mr. and Mrs. Sam Van Arsdale and Mr. Martin of Warrensburg, all of which are on Lake Road No. 8. Property was stolen from six other places on both Lake Road No. 8 and Road No. 6, all south of Versailles on the Lake of the Ozarks.

Articles Recovered
Deputy Burl reported some of the articles recovered included 8 Whitaker motors, two of which belonged to Mr. Whitaker. Two Maytag motor three electric clocks, one of which gave the "tip" for the arrests; a .22 caliber rifle which was recovered in Sedalia, five rods and reels. The articles were recovered in Kansas City, Fulton, Tusculum, Eldon and Sedalia. The deputy stated this was only a small part of the articles reported as stolen from the various cabins.

Peoples, who was arrested May 17 for Sheriff Goetz, had nothing to do with the robberies, Cox said. He had only purchased the clock and then gave information where he bought it and the seller then told where he had purchased it. The trail led from there with the arrest of Hibbon being made the same night, May 17, and about an hour and a half later the arrest of Burkhardt. Wheeler and Hayes were arrested Tuesday.

Negro Dies in Electric Chair

MC ALESTER, Okla., May 26.—(AP)—"How long is this gonna be?"

With these words, Lewis Grayson, 31-year-old Muskogee Negro, died in the electric chair at the state penitentiary last night.

M. E. (Big Boy) Elliott pulled the switch at 10:40 p. m. He is the state's new executioner, replacing Rich Owen who died several months ago.

Dr. Richard A. Harkins, McAlester, pronounced Grayson dead a few minutes after he received a 45-second charge of electricity.

Grayson was sentenced to death for the rape of a young girl in Muskogee county three years ago. His efforts to get a commuted sentence failed but it delayed his trip to the chair.

Before he entered the execution chamber, Grayson asked forgiveness for his sins.

Child Dies of Rare Disease

JOPLIN, Mo., May 26.—(AP)—A mother's desperate effort to make a transcontinental motor car dash with her two-year-old son to save his life ended tragically here today when the baby, Roger Stewart, died in a hospital, after having collapsed on the road.

The child died of a rare bleeding disease less than an hour after he was admitted to the hospital by order of a Baxter Springs, Kas., physician called out on the emergency.

Vote to Bar Amendments

WASHINGTON, May 26.—(AP)—Amid Democratic shouts of "gag rule," Republicans won the first major test for their tariff bill today when the house voted to bar any amendments.

The vote was 212 to 156. Republicans voted solidly to bar amendments; Democrats solidly to permit them.

Rejected Bond Election

RICHMOND, Mo., May 26.—(AP)—Voters yesterday rejected proposals to issue \$341,000 in water improvement bonds and \$376,000 in sewage bonds. Neither issue received a simple majority as the first was defeated 287 to 267, and the other was beaten 302 to 238.

Cancer Clinic Thursday

The regular Cancer Clinic will be conducted by Dr. Everett B. Sugarbaker, of Jefferson City, at the Bothwell hospital Thursday, beginning at 2:00 o'clock.

Split In Heavy Fighting

United Nations Fails to Win a Truce in Palestine; New Fighting Rages

By Max Boyd

CAIRO, May 26.—(AP)—The United Nations failed today to win a truce in Palestine, and new fighting raged in the Holy Land.

A dispatch from Jerusalem quoted Jewish sources as saying the Arab Legion of King Abdullah was thinning out north of the holy city, possibly for transfer to the Latrun area, where the heaviest fighting is reported. Latrun is a key point on the lifeline highway from Tel Aviv to Jerusalem.

The Near East radio said Egyptian planes bombed Jewish buildings in the new city of Jerusalem and struck again at Tel Aviv today. The heaviest bombers yet used struck at Tel Aviv with fighter escorts, the report said.

Split In Fighting

The report said Jews in the old city of Jerusalem were split in heavy fighting. The Arabs served an ultimatum to Irgunists entrenched in a synagogue to surrender or be blown up.

The Arabs said they wiped out a Jewish convoy on the Jaffa-Jerusalem road during a battle with 3,000 Jews. Supplies dropped by Jewish planes in the outskirts of Jerusalem were said to have fallen into Arab hands.

The Arab Legion claimed last night it had exterminated 600 Jews in a 24-hour battle at Latrun. Jewish sources in Jerusalem indicated the battle still was on in the Latrun area.

Bloody Ramat Rehel, midway between Bethlehem and Jerusalem, changed hands for the fifth time, the Jews claimed.

Swooped On Colony

The Jerusalem informants said Jewish commandos swooped on the Jewish colony last night and routed a mixed force of Egyptians, Arab Legionnaires and local Arab fighters.

A Jerusalem spokesman for Haganah, the Jewish army, denied Jerusalem had been bombed from the air, as reported by a Haganah source in Tel Aviv. The Jerusalem spokesman said the explosions taken for aerial bombs were only routine ground bombardment from Arab lines.

Arab nations' delegations at Lake Success were told by their government they could not accept the U. S. Security Council cease fire order unless the Jews agreed to abandon the State of Israel, stop arming the Jewish army and agree to limit Jewish immigration. A spokesman for Israel's government said the conditions were impossible.

Propose

With the failure of Security Council truce negotiations, a big power spokesman predicted a demand in the U. N. for a world-wide diplomatic break with the Arab lines.

In Washington, Rep. Javits (R-NY) proposed a \$100,000,000 military aid program for Israel, to give the infant nation supplies and technical assistance on a lend-lease basis. White House Secretary Charles G. Ross said that such far no action is imminent on lifting the U. S. ban on arms shipments to the Middle East.

Paul Rugger, president of the International Brotherhood of Cross committee, left Cairo today for Amman, Trans-Jordan, en route to Palestine.

Renounces US Citizenship

PARIS, May 26.—(AP)—Garry Davis, 26, Broadway actor, said today he has renounced his American citizenship to become a citizen of the world.

Davis, a wartime bomber pilot and son of Orchestra Leader Meyer Davis, said in an interview he plans to go to Germany to work on rebuilding the German nation.

"After all, I'm responsible for some of the damage there," he said.

Another American citizen, Henry Martyn Noel, Jr., a former Harvard student, recently renounced his citizenship to work as a brick-layer in Germany.

Davis' home is in Philadelphia. He said he last appeared on Broadway in the musical comedy, "Three to Make Ready." He said his immediate plans are uncertain because he has no papers, little money and no apparent means of getting into Germany. The U. S. embassy told him he could not go without a passport.

The actor spent 38 months in the army. He crash-landed in a B-17 bomber during a raid on the German atomic testing plant at Peenemuende in July, 1944, and escaped to Sweden.

The Daily Washington Merry-go-Round

by Drew Pearson

WASHINGTON, May 26—The president has resorted to new strategy in handling White House callers.

For some time, Washington observers were amazed at the number of visitors President Truman saw daily. But now the calling list has tapered off. The official list released every morning shows only a handful of visitors.

What most people don't know, however, is that there are five separate entrances to the White House, and in recent weeks Truman has been fooling the press.

While regular White House correspondents wait in the lobby of the executive offices watching for presidential visitors, various private callers slip in other doors. Sometimes as many as 25 will flow into Truman's office unnoticed. They come in through various side doors, sometimes even the distant east wing, and are then spirited around the back through the rose garden and in to the president.

In recent days, Truman has held numerous significant confabs, none listed. He has seen Joe Keenan, head of the A. F. of L. Political Action Committee, British Ambassador Lord Inverchapel, French Ambassador Henri Bonnet,

and various Zionist leaders including Chaim Weizman, new president of Israel.

Some old senatorial friends also drop around to see Truman at breakfast. Others come in after breakfast, but before the press arrives. Ed Flynn has been in twice lately, unnoticed. Former Judge Sam Rosenman is again a White House regular using the east gate, as is George Allen, the old court jester.

Note — Another new favorite Truman rendezvous is the presidential yacht, the Williamsburg, where he holds stag poker parties with old buddies, sometimes sleeping on board and walking back to the White House early in the morning before most people go to work.

Old Age Pensions

At a secret powwow with congressional Democratic leaders last week, President Truman was told there was little chance of Congress approving any of his proposals to increase old-age pensions. However, the leaders advised that the people were entitled to a frank report on how old-age insurance benefits — on which millions of Americans depend for retirement security — have lagged behind higher wages and living costs. That was why Truman decided to send his message to Congress anyway.

Michigan's aggressive representative, John Dingell, an original champion of the Social Security law, summed it up bluntly: "Unless pensions are increased in ratio to higher wages, higher taxes, and higher living costs, counties that have sold their poorhouses for the aged will have to re-establish them."

Dingell said it would be "actuarially sound" to increase pensions because of increased revenues from payroll taxes. He added: "Sixty million people are employed now, more than we ever dreamed of when we changed the law in 1939. We thought then we wouldn't have that many employed until 1980."

"I want to cover as many people as practically possible," commented the president. "Also, I favor higher pensions, as well as benefits to disabled people."

Biggest problem, observed Federal Security Administrator Oscar Ewing, is providing protection for casual workers, such as domestic servants and farmhands.

"We might try the stamp system they use in England," suggested Ewing.

I doubt that it would work here," remarked Truman. It's a nuisance to employers, difficult to administer, and such casual employees frequently build up less credits for contributory pensions that they could get in an old-age assistance dole."

Army Senate Politics

Private Leo Christensen was convicted by a U. S. military court in Japan last year of raping a Japanese woman in front of her son, deliberately running down a Japanese boy with his motorcycle, and beating up a Japanese man.

He was given the death sentence for rape, murder, and assault.

Then his parents, Mr. and Mrs. Lars Deloy Christensen of Iona, Idaho, appealed to Senator Henry

Marshall Talks With U.N. Leaders

LAKE SUCCESS, May 26—(AP)—Secretary of State Marshall talked at length Tuesday with top U. N. leaders, presumably about Palestine.

Their meeting in New York was private. Informed persons indicated one topic covered was the attempt of the U. N. security council to impose a cease fire order in the Holy Land.

There also were indications that Secretary Marshall might have been asked how far and how forcefully the United States is prepared to go in restoring peace to Palestine.

In the face of continued Arab opposition to making a peace with Israel, U. N. mediation attempts also were going on abroad.

Count Folke Bernadotte of Sweden, U. N. peace missioner, arrived in Paris enroute to the middle east.

Harold Evans, a Philadelphia Quaker appointed to be neutral mayor of Jerusalem, was in Cairo preparing to talk with Arab leaders there and elsewhere about a truce for the holy city.

Secretary Marshall was the guest of Warren R. Austin, chief United States delegate to the U. N., at Austin's suite in a Manhattan hotel.

Others there were Trygve Lie, U. N. secretary-general; Alexandre Parodi of France, chairman of the security council this month; Byron Price, an assistant secretary-general of the U. N. and wartime director of censorship; and Dean Rusk, head of the office of United Nations affairs in the state department.

Dworshak, Idaho Republican and a staunch isolationist. Dworshak succeeded in reducing the death sentence to three years hard labor and a dishonorable discharge.

Later, Dworshak went to bat again, got a parole for Christensen. He is now a free man. However, the man who raped a woman, killed a boy, and beat up a civilian isn't satisfied. He now wants an honorable discharge and Senator Dworshak has been asked to get it for him.

Forged Export Permits

The senate small business committee is ready to blow the lid off a fantastic racket in forged export licenses that has flourished under the nose of the commerce department.

Goods cannot be shipped abroad today without a license from the commerce department. Yet counterfeit licenses for shipping flour, land and other foodstuffs to Latin America have been sold to businessmen at black market rates. Two alleged forgers—Tom Quinn and his nephew, Jack Quinn—already have been arraigned in New York.

Yet even after Jack Quinn's arraignment, he was able to obtain licenses from the commerce department for shipping \$1,000,000 worth of goods, mostly to Cuba. This amazing deal was approved, even though the commerce department had been notified of Quinn's arraignment and of the senate small business committee's investigation.

The full scope of the forgery scandal was brought out last week in secret hearings. One secret witness, Harry Levey of New York, vice president of Haro Products Co., testified that he had paid \$28,000 for 14 licenses that turned out to be forged. It also developed that customs declarations had been forged as well.

The spurious licenses cover not only foodstuffs, but possibly steel, which has been exported far beyond existing quotas, investigators learned. Forgeries also have been uncovered in the shipment of streptomycin to the Philippines. The forgeries were stumbled upon accidentally several weeks ago when Homer Zopf, a committee investigator, brought in fig-

ures showing flour shipments to Brazil in 1947 had been three to four times greater than the export quota.

Chief investigator Burt Wimer promptly checked the commerce department records against those of the port of New York customs collector, and found, for example, that a license authorizing shipment of a 1941 automobile to Venezuela had been changed to allow 10,000 bags of flour to Brazil. A forgery expert testified that scores of these licenses had been forged.

Shed Damaged by Fire

A shed at the residence of W. E. Sprinkle, 1721 South Grand avenue, caught fire, Tuesday afternoon at 6:18 o'clock, resulting in considerable damage to the building.

The cause of the fire was unknown.

The fire companies extinguished the fire with one line of hose.

FUTURAMIC
OLDSMOBILE

Here's that terrific trio of smart new Oldsmobiles! The Futuramic Convertible—with its racy, youthful look and all its automatic features. The Futuramic Club Sedan—so low, broad and gracefully styled. And the Futuramic 4-Door Sedan—the car with comfort and visibility beyond anything you've known.

These new Futuramic Oldsmobiles are ahead of the times in performance, too. A new high-compression head adds horsepower—makes Hydra-Matic Drive* even more notable for its "no-clutch, no-shift" smoothness. And once you step down on the gas to WHIRLAWAY... then you'll feel what Futuramic means!

Junior-Senior Reception Of S-C Was Held Tuesday

The Junior-Senior reception was held Tuesday afternoon at 3:00 o'clock, on the auditorium stage of Smith-Cotton high school.

A string ensemble played chamber music as the guests filed past the reception composed of: Larry Vilmer, president of the senior class; Ralph Waters, outgoing president of the senior class; Betty Belle Dillard, senior queen; Bill Funkhouser, president of the Senior Student Council; Betty Rice, outgoing senior queen; Richard Brown, retiring Senior council president; Miss Mila Swearingin, sponsor of the Junior Class; J. C. Allen, sponsor of the Senior Class, and Miss Maude Sanders, sponsor of the Junior Class.

A group of Junior girls, in various colored formals, served punch and assorted table cakes from a lace-covered table. The table was centered with a punch bowl, a silver bowl of pasted snapdragons and lighted tapers. Miss Peggy Ellis ushered. Miss Winnie Graham and James Atkinson comprised the farewell committee.

On each plate was a miniature gold-colored diploma, tied with a black ribbon, the school colors. Inside was the school seal with this Tuesday with a luncheon at her home. An arrangement of garden flowers centered the table, with green candles in crystal holders on either side. The color scheme of green and white was carried out in decorations.

Guests were Mrs. Dale Austin and granddaughter, Linda Roberts, of Tulsa, Okla., Mrs. Laura Litz, Mrs. Edna Fisher and Mrs. Frank Keltner.

Otterville will be well represented in the ring tonight when the McIntyre brothers climb through the rope. Don is in the main event while "Bill" is in the opening event. Not only that but Sonny Myers, St. Joseph, another favorite makes his last appearance here this season, in the main event, being teamed with Don McIntyre. The team match in which McIntyre and Myers are working together their opponents will be Lord Albert Mills, London, England, and Lou Newman of Los Angeles, Calif. There seems to be some differences between the opponents on both teams and anything can happen.
The semi-windup event on the card brings together Ray Vilmer of St. Louis, and Emir Badul of Arabia, in a two out of three fall match with a 30-minute time limit. Badul is unknown as far as local fans are concerned but is said to be "terrific" while Vilmer is well known here and can handle him well against wrestling competition.
Bill McIntyre will clash with Jay Steele of Centerville, Iowa, in the opening event of one-fall with a 30-minute time limit. This match will be another entertaining event.

The Pupil Outranks His Tutor
Bob Lemon Uses His Skill, Learned From Feller, to Advantage

By Joe Reichler
(Associated Press Sports Writer)
The Cleveland Indians are putting the squeeze on the rest of the American league clubs with a "Lemon" — Bob Lemon, a converted infielder-outfielder.
Lemon, the No. 2 pitcher on the Tribe's staff, second only to Bob Feller — has been knocking the bats out of enemy hands with even greater elat than his tutor, Rapid Robert himself.
Each has won five games, but Lemon has lost only two to Feller's three. The pupil also tops the teacher in complete games, six to four; shutouts, two to one, and strange as it may seem, in strikeouts, 37 to 27. Lemon's totals in complete games, shutouts and strikeouts are also high for the league.
The 27-year-old native of Long Beach turned in his best performance of the season last night as he shut out the Washington Senators, 4-0. He allowed only four hits and fanned 11 — a season high.
The victory enabled the Indians to retain their half-game margin over the runner-up Philadelphia Athletics.
The battery combination of Pitcher Bob Savage and Catcher Buddy Rosar led the A's to a 4-3 win over the White Sox in a night game in Chicago. Rosar's sixth inning single scored Hank Marjaski with the winning run.
With everybody in the New York lineup hitting safely, the Yankees raked four pitchers for 22 hits to plaster a 16-5 defeat on the Tigers in Detroit. Behind this heavy barrage, righthander Vic Raschi coasted to his fourth straight victory.
Assaulting four Boston pitchers for 17 hits, the surprising Browns whipped the Red Sox, 9-4, in a night game in St. Louis and moved into a virtual tie with Detroit for fourth place. They trail the Bengals by four percentage points.
Three doubles and two triples highlighted the Brownie victory, the second in a row from the eastern team studded with former Browns and picked in early season as a pennant contender.
Paul Lehner, recovered from a shoulder injury, made his first appearance of the season, playing in centerfield. Bobby Dillinger was chosen star of the game on the strength of two singles and a double which scored two runs.
Paul Erickson, making his first start for Philadelphia since being acquired from the Chicago Cubs, pitched the Phillies to a 4-1 victory over the Pittsburgh Pirates in a night game in Philadelphia. The tall righthander gave up only four hits in 6-2-3 innings before he retired because of a pulled shoulder muscle. Schoolboy Rowe held the Pirates to two hits the rest of the way.
The scheduled games between the St. Louis Cardinals and New York Giants at the Polo Grounds and the Chicago Cubs and Brooklyn Dodgers at Ebbets Field were postponed by rain. A great fog combined with rain washed out the scheduled game between the Cincinnati Reds and the Boston Braves at Braves' Field.

Louisville is Trying Hard
By The Associated Press
Louisville, which hit bottom in the American Association recently for the first time in 10 years, is trying everything to pull out of the slump—even an outfielder converted to a pitcher.
The latest maneuver proved successful. Ellis Deal, 25 year old converted outfielder with a buggy-whip arm, scattered six hits Tuesday night to lead Louisville over first place St. Paul 5-0.
Deal was transferred to Louisville from Toronto via the Boston Red Sox. In his first start for the Colonels against Minneapolis three days ago he was shelled in the second inning with a seven run outburst. But against the Saints he was in charge all the way in hurling the Colonels to their second straight shutout victory—their only two of the season.
St. Paul still held the lead by a thread—.641 percentage to Indianapolis'.634. The Tribe gained ground by blasting Milwaukee 8-5 with every man in the lineup getting at least one hit in a 14-blow attack. Tom Saffell and Les Fleming banged homers, and Ted Beard and Pete Castiglione clubbed triples.
Columbus stayed 1½ games out o, the lead by losing 13-10 to Kansas City in an 11-inning contest. The defeat snapped the Red Birds' nine-game winning streak. The Blues socked Clarence Beers, fifth of five Columbus hurlers, for three runs in the top of the 11th. Columbus overcame a seven run deficit with three runs in the fifth and seven in the sixth.
Toledo salvaged a 5-2 decision over Minneapolis on Walter Brown's ninth inning relief pitching. He rescued Chet Johnson with none out and runners on second and third, retiring the next three batters in order.
Tonight's games:
St. Paul at Louisville.
Milwaukee at Indianapolis.
Kansas City at Columbus.
Minneapolis at Toledo.

Hogan Can Thank Irons For Title
By Skipper Patrick
ST. LOUIS, May 26—(P)—Stone faced Ben Hogan, the great little pressure player from Hershey, Pa., can thank a fine iron game for his second professional golfers association championship and a \$3,500 boost to the family bank-roll.
Hogan best veteran Mike Turnesa of White Plains, N. Y., 7 and 6, yesterday in the finals of the 30th PGA tournament, mainly because he was complete master of his wedge and eight iron.
The prize money vaulted Hogan's tournament earnings for this year to \$13,897.50 for 49 rounds of play, second only in dollars and cents to Lloyd Mangrum of Chicago, who has picked up \$14,764.99 in 10 more rounds.
With conceded putts, Ben travelled the seven days of golfing over the short and hilly 6,467-yard Norwood Hills Country club course in 35 under par for the 213 holes. That included two rounds of qualifying play.
Turnesa often outdrove Hogan but performed feebly on many of the greens.
Always on the inside with his brilliant approaches, Hogan trailed only once during the day — on the second hole Turnesa sneaked a 20-footer into the cup. Ben evened the match at the fourth, went ahead on the fifth and from that point never looked back. He was 1-up at the turn of the nine, 4-up from eighteen, and 4-up after the twenty-seventh.
Hogan was nine strokes under par yesterday when the match ended. He completed the morning round in 32-33—65, 6 strokes under regulation figures. Hogan went out in 34 in the afternoon, one under, and closed the match with birdies on the 29th and 30th holes.

Junior Legion Wins 12 to 1 Over Slater

Sedalia Boys in Heavy Hitting for Total of 14 Hits

The Junior Legion, Post 16, won from Slater Junior Legion by a score of 12-1, Tuesday night at 8:00 o'clock at the Liberty Park, behind the two hit pitching of Bob Ray for Sedalia.
The game played was a seven inning practice game, and also was the last until regular league play, beginning, May 30.
The Sedalia boys played good ball by hitting the ball hard, and running bases in good style.
Sedalia started off the first inning with six runs out of seven hits and one walk. In the second inning, four runs were tallied, and a run in each of the third and fifth innings.
Slater scored their only run from an error on the Sedalia's part, when base runners stole second and third base, and scoring a run when a long fly was knocked to left fielder, who lost the ball in bad vision due to the lights, for the second error, of that same inning.
Sedalia made fourteen hits; three errors, while Slater got two hits and made four errors.

Women Hold Key to World Peace Says Int. BPW Prexy

By Merrill Swedlund
INDIANAPOLIS—When Sally Butler went to work in the Indianapolis postoffice during the first world war, the postmen called her a hillbilly from Southern Indiana. They didn't like the idea of women working in the postoffice throwing mail sacks around, even if manpower was scarce.

Today's she's president of the International Federation of Business and Professional Women, directing some 300,000 women in a fight for equal opportunities in making a living and making the peace.

"We don't want to displace men," she said. "We just want to see jobs given to the best qualified person—man or woman."

But Miss Butler isn't content to let her B. P. W. clubs spend all their energy on such goals as the so-called "equal rights" amendment to the federal constitution. It's no longer enough for a business woman to get interested in her job and her company. The earnest, energetic woman from the hill country thinks women may hold the key to world peace.

The men haven't found any program to keep us out of war. Maybe the women can't either, but they can do worse. It'll take the best that all of us have. The price of peace is assuming the responsibilities of citizenship."

Learned Young
 She learned about responsibility 50 years ago on a farm in the White River Hills above Paragon, Ind., a small town 40 miles southwest of Indianapolis. She was the youngest of 13 children and pitched in like the others after their mother died. Tears still come to the eyes of this efficient, graying woman of 56 when she remembers her father and his advice. It took her far from an Alice-sit-by-the-fire life:

"Try to be all that you inherited from your forefathers, besides all you can gain from your surroundings. If you don't do that you're not measuring up to your best."

When the postal service called for women to fill jobs, she decided that was how she could do her part in the first world war. She quit school teaching in her home-town school in Paragon, and has worked for the government ever since. In the last war she had already met thousands of women through B.P.W. clubs, and transferred to the Treasury department to help sell war bonds. She even studied law at night and passed the American and Indiana bar examinations "because law opens a lot of doors."

She has stayed on in savings bond work, but now she spends at least half her time traveling as international and national B.P.W. president. The work took her to Europe in 1946 and again in 1947 and convinced her that Europeans don't dislike Americans.

Couldn't Understand Delays
 "Sometimes they couldn't understand our delays, but they accepted it. What impressed me was the way they help each other—we won't have to continue our aid indefinitely. They're proud—they don't want to be paupers."

When she went to Europe in 1946, she took along dozens of nylon hose for clothes-hungry women there. They showered her with jewelry and souvenirs and even offered to share their food.

Miss Butler came home convinced the women of the world can help promote peace by spreading understanding and confidence across international borders.

Her modest apartment on the north side of Indianapolis shows a mixture of Victorian chronos and modern simplicity. She herself looks exactly like an efficient business woman.

"It's my own generation, and the one before it, that still thinks a woman's place is in the home," she said. "The younger men are more likely to think of men and women in terms of ability."

As a career woman, she has little time for housekeeping, but she believes woman's housewife methods are needed in the administration of foreign aid.

"Who better than a woman can judge what's needed in clothing and food?"
 In the end, she things world

Name Vegetable At Roll Call

The Van Natta Multi-Workers met May 20 at the home of Mr. and Mrs. Wesley Harding. Ann Harding, president, called the meeting to order. All repeated the 4-H club pledge. Roll call was answered by a vegetable that begins with one initial of my name. Twelve members, five visitors and two leaders were present.

peace hopes rest in the spiritual tone of the homes.

"We've gotten too far away from the fact that religious life has a great bearing on the achievement of a nation."

Miss Butler's childhood in a devout Methodist family makes her believe "the divine being won't let dictators prevail." The jolly farmgirl who showed the men she could toss mail sacks with the best of them says "we can't be sitting and waiting for God to do it all."

Mary Frances Wimer, project chairman, gave a report on the work and demonstrations given at the project meeting held May 18 at the home of Mrs. George Buchholz on cooking and sewing.

A discussion was held on how to complete all project work by August 1. Members who have not raised money for club funds voted to each bring twenty-five cents to the next meeting.

Mac Harding gave a demonstration on how to care for and feed rabbits. Games were played and refreshments served.

Bible schools in the community churches are being held the next two weeks so the tour of the 4-H club gardens and poultry meeting at the home of Donald Wimer has been changed from June 4 to June 18.

Soviet Relations With Israel

LONDON, Wednesday, May 26.—(P)—The Moscow radio said today the Soviet Union has agreed to exchange diplomatic missions with Israel.

The broadcast said the decision was made by Soviet Foreign Minister V. M. Molotov "on the proposal of Moshe Shertok, foreign minister of the State of Israel."

Members Name Their Favorite Flower

The Manila Homemakers club met at the home of Mrs. Paul Rothenberger with Mrs. Leslie Rothenberger, assisting hostess.

The meeting was opened by singing the club song, "Believe Me, If All Those Endearing Young Charms." Mrs. William McCune gave the devotional. Twenty members answered roll call by giving their favorite flower. Two visitors, Mrs. Anderson and Marguerite Perriguet, were present.

Mrs. Earl Case and Mrs. Paul Shippis reported on "More space in my kitchen cupboard" Pennies for friendship were taken up.

Mrs. C. W. Carroll, Mrs. William McCune and Mrs. Fred Beard were appointed to be in charge of finances.

The next meeting will be with Mrs. Higbee with Mrs. McCune assisting hostess.

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

Texans Give Support To Party Nominee

'Delegates Will Fight Program On Civil Rights

DALLAS, May 26.—(P)—Texas Democrats decided Tuesday night to send delegates to the national convention instructed to fight Truman's civil rights program, but pledged to support whoever the party nominates for president.

The state convention at Brownwood voted overwhelmingly also to bind its 23 presidential electors to vote for the party nominees.

A proposal for a party referendum for or against binding the electors to nominees opposed to the federal civil rights program was squelched in committee.

Business moved rapidly toward a conclusion after anti-Truman groups had surged into firm control by election of Wright Morrow of Houston as national committeeman.

Overwhelming approved were resolutions opposing President Truman's civil rights program and urging passage of legislation ceding title of tidelands to the states.

After the Morrow election the convention stuck firmly to the pattern urged by Governor Beauford H. Jester. Texas' delegation of 50 to Philadelphia will be instructed as to candidates; it will fight Truman's nomination and his civil rights program, but it will support him if he is nominated.

Opposed by Mayor Morrow is anti-Truman. He was opposed to a roll call vote by Mayor Tom Miller of Austin, who was supported by the pro-Truman faction.

Morrow succeeds Myron Blalock of Marshall, Tex., who did not seek re-election because of ill health. Mrs. H. H. Weinert of Seguin was elected national committeewoman by acclamation.

Texas Republicans already had finished their convention at Corpus Christi, naming a national convention delegation of 33 members composed of 30 supporters of Senator Robert A. Taft, two for Governor Thomas E. Dewey, and one for Harold Stassen.

Radio Network In River Basin

OMAHA, May 26.—(P)—Army engineers Tuesday put into operation a short wave radio network providing emergency communication facilities throughout the Missouri River basin.

The network will be used in time of floods, storms and other disasters and will not compete with "our regular channels of communication," according to Major General Lewis A. Pick, Missouri river division engineer.

Principal receiving and sending stations have been established at the Fort Peck, Mont., garrison, N. D., Kansas City and Omaha district offices. Other stations have been set up at area offices within the districts and portable two-way installations have been made on government boats and in vehicles at strategic points along the river.

Stations within the district include:

Omaha—Fort Randall dam site, Sioux City Andonawa, Ia., and Nebraska City and Brownsville, Neb., a station also is being built at the Oahe dam site near Pierre, S. D.

Kansas City—Harlan county dam in Nebraska, Kanapolis dam in Kansas, area offices at Napoleon, Glasgow and Glasgode, Mo. Stations also are to be built at Washington and St. Joseph, Mo.

Women May Cut Men's Hair

JEFFERSON CITY, May 26.—(P)—Women invaded another sacred male precinct Tuesday.

Attorney General J. E. Taylor ruled it is legal in Missouri for a woman beauty shop operator to cut a man's hair, even though she does not have a barber's license.

The question was raised by Fred C. Bollow, prosecuting attorney of Shelby County. He wrote that a controversy had arisen in Shelby between barbers and a woman beauty shop operator. The barbers objected because she was cutting men's hair. And a member of the state barber board advised them to have the county attorney prosecute her.

Caught between the rival scissor snippers, Bollow sought the attorney general's advice. He got it in an opinion by assistant Attorney General Robert R. Welborn.

Welborn looked at all the cases, except the famous one involving Samson and Delilah, and came up with the decision that women may cut men's hair legally—if they have a cosmetologist's license.

And if the men will stand for it. Cosmetologists are not limited by law to cutting women's hair, he noted. And since both the cosmetology and the barber licensing laws are designed to protect public health, "there would seem to be no difference whether a licens-

Open House by Whittier PTA

The Whittier Parent Teacher Association held open house Friday evening at the school. The devotionals were given by Mrs. Jay Nicholson and Mrs. Mary Houston, Girl Scout leader, made a short talk on Scout Week. Mrs. Charles Hansford, music teacher, was in charge of a musical program. James Cable acted as master of ceremonies and announced the following numbers: "March of the Crusaders," by the orchestra; "Morning Hymn," a clarinet ensemble composed of Shirley Kirkpatrick, Dorothy Dey, Norman Griswold, Gerald Holman, Bob Hieronymus, Maxine Shoemaker and Sue McNeely; "Marche Slave," by the orchestra; three songs by the first grade, "Three Little Puppies," "Oh Where Has

My Little Dog Gone" and "Way Down in Pawpaw Patch"; three songs by the second grade, "The Cowboy," "He Didn't Think" and "I See You"; songs, a dance and a rhythmic activity by the third grade "Dinah," "The Juggler" and "Rye Waltz"; songs and rounds by the fourth grade, "Good-by Old Paint," "A Frog Went-a-Courtin'" and rounds, "Are You Sleeping" and "May Bells"; unison songs and two-part songs by the fifth grade, "Hawaiian Night," "The Brook-let" and "The First Tulip"; two and three-part songs by the sixth grade, "Wake Up, Jacob," "Children's Prayer" and "Grace Before Meat"; and two and three-part songs by the seventh grade, "Loch Lomond," "Liza Jane" and "Faith of Our Fathers."

Following the program the parents were invited to see the rooms which were filled with exhibits and displays of work completed during the year.

Club Meeting At Carney Home

The Oak Grove 4-H club met for its regular meeting on May 19 at the home of Barbara and Sally Carney. There were eleven members, two leaders and one visitor present. The president, Barbara Carney, presided over a short business meeting. It was decided to have a pie supper June 4 at the community house. The program chairman, Marie Mewes, presented the following program: "The Importance of Good Ventilation," by Dot Mewes; "Identification of Trees by Their Leaves," Sally Carney; "The Value of Alfalfa to the Dairy Farmer," Gene Schlobohm; "How to Prepare Strawberries for the Locker," Doris Schlobohm; "Our State Flower, The Hawthorne," Marie Mewes; "Safety Sam," J. D. Schlobohm; "How to Tie An Eight Knot and Make an Emergency Halter," Jim Wilson.

The group then went to the recreation room for games. Refreshments of hamburgers, cup cakes and punch were served by Mrs. Carney, Barbara and Sally. The next meeting will be June 16 at the school house.

Certificate to Apprentice

The Sedalia Sheet Metal Joint Apprenticeship committee announces that one of their apprentices, Albert H. Wilkes, is to be a guest of the Building and Construction Trades Joint Apprenticeship Council of Greater Kansas City at a testimonial dinner to be held at the President Hotel, Kansas City, May 26.

According to Blue Young, the Sedalia Sheet Metal Joint Apprenticeship committee was established October 29, 1946 and is composed of the following members: Representing the employers: A. M. Hoffman, Blue Young, D. R. Anderson, Tony Turner and B. J. Bahner.

Representing Local No. 2 of the International Association of Sheet Metal Workers: Shelby Monsees, H. E. Bahner, Phil Bergman, O. I. Chancellor, Arthur Turner. Shelby Monsees, secretary of the Joint Apprenticeship committee, said, "All apprentices, irrespective of craft, are required as a condition of their apprenticeship, to attend 144 hours of related instruction in technical subjects related to their particular trade. Related instruction for sheet metal apprentices of Sedalia has been under the overall supervision of Pinkney Miller, vocational director, Sedalia public schools, and under the direct instruction of E. J. Liebel, a journeyman sheet metal worker with more than 25 years of practical experience. Regular classes of related instruction for sheet metal workers have been in continuous operation since the inception of the program."

Field Representative Report
A report from A. F. Schindler, field representative, Bureau of apprenticeship, U. S. Department of Labor, 1510 Fidelity building, Kansas City, indicates that there are seven sheet metal apprentices indentured at the Sheet Metal Joint Apprenticeship committee, six apprentices indentured to the Carpenters Joint Apprenticeship committee and assistance is being given to the Sedalia Builders Association, the Painting and Decorating Contractors of Sedalia and to the various general contractors of the area in cooperation with the various unions involved in establishing systems of apprenticeship for each craft.

Hal Boyle's Column

By Hal Boyle
NEW YORK, May 25—A friend of mine whose father was one of the first men to buy an automobile has just bought a television set himself.

This pioneering purchase has brought him to the verge of bankruptcy. It developed that the chief expense in becoming a television addict isn't the initial cost. It's the upkeep of your friends who drop in to watch the set work.

"I'm just become a skill for that darned machine," complained my friend. "I made the mistake of bragging I'd bought one, and the world began beating a path to my door."

"The neighbors next door, the neighbors upstairs, their friends, people I hadn't seen for years—they all started dropping in. They say they can only stay for a few minutes, but they stick in front of that television screen for hours."

Just a Barroom
"And all the time I have to run in and out fetching drinks and sandwiches. They've turned my home into a barroom and a restaurant—and I have to foot the bill."

But all pioneers have to face sacrifices. I can remember as a boy, when the radio industry and I were both in short pants, there was a period of months when we children couldn't do our evening homework out loud. The noise bothered dad who sat tensely at the dinner table, earphones clamped over his head, trying desperately to bring in Cincinnati with an early crystal set.

Dad never forgave radio when it climbed into a shiny cabinet and found its own voice, making the earphones unnecessary. He rarely listened to it after that. He felt the same contempt for it a retired Pony Express rider would for a transcontinental train.

Television, the grandson of the old crystal set, is a kind of strange offspring still gripped with growing pains. Radio is its proud mammy, Hollywood its dubious pap.

Here to Stay
It is a stranger to most Americans today—Time magazine estimates only about one out of ten persons has seen a television program—but it won't be a stranger long. Like sex, the income tax, and Old Man River—it's here to stay.

Television promises either to fortify home life or drive a man out into the street forever.

It'll remove the desire of a lazy man even to get out of bed. He can turn on the television set Sunday morning and watch a minister preach an inspiring sermon. In the afternoon he can still lie there and watch a baseball game without worrying about having a rabid fan in the row behind him drip hot dog crumbs and mustard down his neck. In the evening he can watch the screen show a fire in the next block or turn it off and enjoy a

vintage movie—vintage 1919 at present.

No longer will he have the Sabbath chore of reading the funnies. He can tell the kids to go stare at a television cartoon.

Powerful Weapon
Television is a powerful weapon for a hostess who wants to silence a boring guest. But it also threatens to end the small talk of people who really want to listen to it. It may do even more than popcorn did to kill the art of conversation.

Today a man can take television or leave it alone. But will he be able to in ten years? It is going in more and more home and barrooms. It is being tested in theaters and tried out in beauty and billiard parlors, barber shops, and yachts.

Soon there may be no place to

get away from it except by going to a Turkish bath or slipping into the deep end of a swimming pool in bubbling protest.

But as of now television is a wonderful way to catch up on your movies—some you haven't seen for years and years and years. I always said Ben Turpin and Mabel Normand had a future. Television is proving it.

80 training schools for Standard Oil dealers to give your car better service

Gas economy is a "must" HERE'S HOW TO GET IT:
Drive at moderate speeds—fast driving consumes much extra gas. Shift into high as soon as possible—don't idle your engine unnecessarily—avoid fast starts, sudden traffic light stops. Have your Standard Oil Dealer check your car for "gas wasters." His training helps you save gas. Standard Oil Company.

Because Standard Oil Dealers want to give you the best service possible... even better service than ever before... they eagerly attend our special advanced training schools. Thousands have already completed the course at 80 schools which Standard Oil operates in 74 cities. 250 dealers start the course every two weeks.

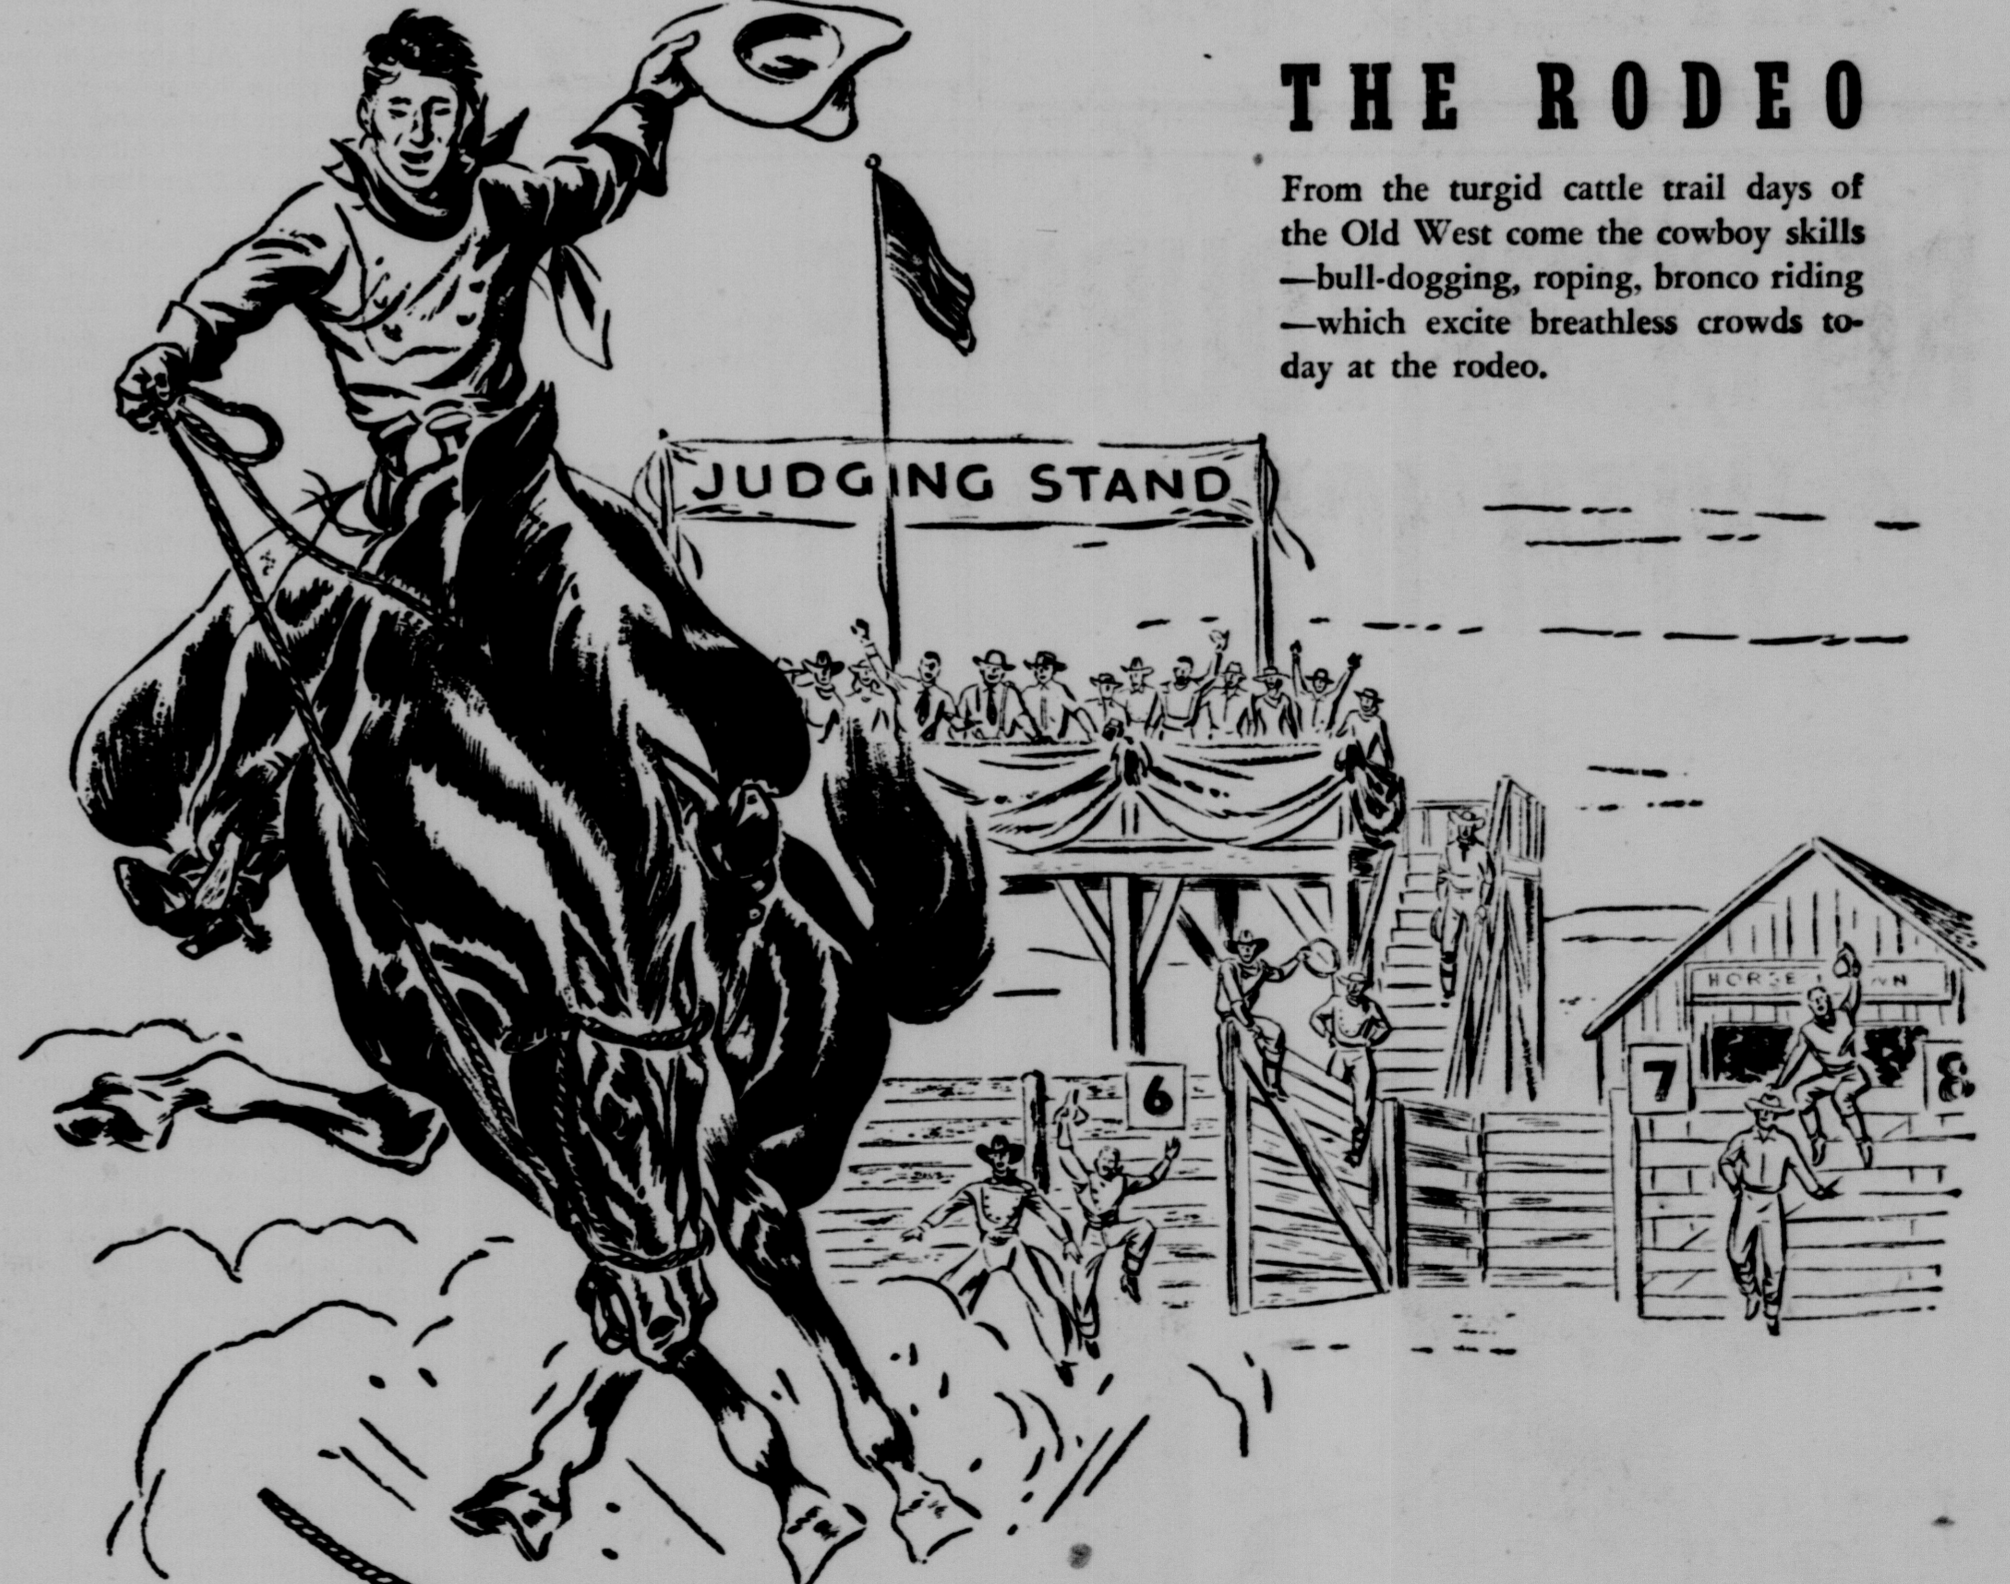

The schools feature "Personalized Service"—to give your car the individual attention it needs and you the personal service you enjoy. When your Standard Oil Dealer has met all the requirements, he is awarded our Service Specialist emblem. When you see it displayed in his station, expect a little extra promptness and courtesy, a little extra attention to clean rest rooms and premises, expect your car to be handled with real know-how and skill.

Girl Paralyzed Wins at Hobby Fair of Rotary

EVANSTON, Ill., May 26—(AP)—When the studios judges picked the blue ribbon winner at the Chicago Rotary Club's youth hobby fair, they started a chain reaction.

The winner, Elsie "Bonnie" Bonhivert, 23, was tickled pink Tuesday and each of her 89 boy friends grinned when he heard about it.

Bonnie has 89 boy friends by virtue of having been adopted last year as the sweetheart of the Evanston police force.

In 1942—just before her high school graduation—Bonnie injured her spine in a fall at home. For many months, she lay paralyzed. But her grit and medical science combined to bring back the use of her hands and arms. Then, she began a fight to walk again.

One rainy evening, her mother was unable to obtain a taxi to carry her to a doctor's office. She asked if the police would lend a hand.

A squad took her to the doctors' and waited. The cops took her home again. They made a note of the next appointment and promised to keep it with her. For months the "Bonnie detail" was an unofficial standing assignment three times every week.

Chief of Police Earl Ekman then made it a written order that a police car take her to and from the doctor's office.

The Christmas before last, the cops gave Bonnie an orthopedic walker. Last Christmas, she gave each member of the force a tie which she wove herself. They gave her an exerciser and the gold badge which signified, that "she's our sweetheart."

Bonnie, who can walk a very little now with the aid of a cane, spent a great deal of time weaving. She put designs and pictures on the cloth she made—fluffy cats and snowy swans. It was these woven pictures which won the hobby fair.

Bonnie said today "I'm a happy girl, and I'm getting better all the time. I couldn't do downtown to get my prize, but there's always next year. I hope to walk in on them next year."

But, before she walks anywhere else, Bonnie says, "I'm going to stroll over to the police station. The boys have been kidding me about bringing them a batch of cookies. Won't they be surprised when I do it!"

Idaho's first official highway took three years to build and was 624 miles long.

The Innocent Impostor

By Renee Shann

COPYRIGHT BY RENEE SHANN; DISTRIBUTED BY NEA SERVICE, INC.

FOR a moment she stood quite still, aware of a hot wave of fury sweeping over her. She could hear again Charlotte's voice, that horrible note in it. "Roger's a man of the world." Of course he was. But he was sweet to her, Patience. True, he kissed her. True, last night he'd said a lot of wonderful things to her. But that was all. It was beastly of Charlotte to suggest he wasn't to be trusted.

She heard the telephone bell ringing in her room next door and went to answer it. "Hello?" "You going to be long?" asked Roger. "No. I'll just pack my things, then I'll be down."

"I'll be waiting for you." He was standing over by the wide entrance to the hotel when some little while later she joined him. She laid a hand on his arm. "Sorry I've kept you."

"That's all right." His eyes searched her face. "What's wrong?" "Why, nothing."

He wasn't satisfied. "Something's happened. Did you see Charlotte?" "Yes."

"Have you put things right?" She shook her head. "I tried," and then angrily: "I don't know what's the matter with her."

He smiled down at her. "You've really no idea? At the risk of sounding conceited, you don't think that perhaps it's the little green-eyed monster?" "You mean she's jealous of me?"

"WELL, yes." He slid a hand beneath her arm, and piloted her out through the swing doors of the hotel into the brilliant sunshine. "Actually with good reason. Still, this is neither the time nor the place to go into

it." He paused, looking up and down the street. "Let's have another drive out to some place today, shall we? Or would that be very selfish? Do you want perhaps to look at shops?"

This was assuredly what she wanted. After all, it was her only opportunity. And the Paris shops she'd always heard were so wonderful. He saw the disappointment in her face and laughed gently.

"All right. We'll compromise. Shops first and then a drive." "You won't forget we've not got a lot of time. I've said we'll meet Charlotte at the hotel at 2:30."

He raised his eyebrows. "We don't then all lunch together?" "No."

"I see. Well, that's O.K. by me. It couldn't suit me better. Now, where shall we go first?" "That's up to you. I don't know Paris."

"I suggest the Rue de la Paix." They wandered down it arm in arm. Patience tried to forget what Charlotte had said to her and to enjoy to the full the sight of the shop windows.

About 11:30, Roger suggested abandoning the shops and taking a drive.

They hired a car this time. Roger knew a place some little distance out of Paris where he wanted to take her. There was a hotel by the river. No, it wouldn't take them very long to get there. A half hour or so. All right, they'd allow rather longer coming back again.

They sped swiftly through the congested streets, Patience's heart in her mouth. "Do French drivers always drive so fast?"

"Oh yes. One gets used to it." "It's a bit nerve-racking." "This man's quite reliable. And he's sure to know every inch of the road."

It was coming back that it happened. A lorry, coming out of a side-road, hit them broadside on. It was a miracle no one was injured. To Patience it all seemed to be over so swiftly that she'd scarcely any time to feel frightened. Roger helped her out of their battered car, asking her anxiously if there were any bones broken.

"No. I'm quite all right."

"So am I. Well, that's a mercy."

A crowd was collecting. Their driver and the driver of the lorry were having a fierce argument. Their voices rose. They gesticulated wildly. Obviously each was convinced the other was to blame.

A gendarme came up and joined in the fray. He whipped out his notebook. He wanted all particulars. The drivers' names. The passengers' names. The names of any witnesses. Patience pulled at Roger's arm.

"Is this going to take very long?" "I hope not."

"Must we wait?" "We must I'm afraid until the gendarme's finished with us."

It was a tedious business. Patience grew more and more fretted. "Roger, I'm getting awfully worried."

Roger spoke to the gendarme. Then he turned reassuringly to Patience.

"He says he won't keep us more than a further few moments."

He kept them a quarter of an hour. By that time Patience was almost frantic. At last however they were free to go. But how to continue their journey was their next problem. The car they'd been traveling in was completely disabled. There seemed to be little chance of hiring another one.

"I've an idea the metro will be quickest," said Roger, after making inquiries. "That man says there's a station just down the road."

They hurried towards it. But it was midday and the trains were not running very frequently. They paced the platform. Patience tried not to worry. It would do no good. Besides they could surely still make it. If a train came in a moment or two—

Indians Get Costumes For Gaudy Dance

FREMONT, Neb.—(AP)—Indians here have given the "new look" to tribal regalia. A Fremont store reported the Indians—railroad

section hands—nearly cleaned out a previously hard-to-sell item: Midland College sweatshirts that bore the varsity designation, "Warriors," beneath the picture of an Indian brave.

From where I sit... by Joe Marsh

"Take Pen in Hand"

This column has been running for so long that its readers, in towns like ours all over the country, are beginning to "take pen in hand" and write us what they think.

Some of them take me over the coals for what I say—like the column I ran on planting alfalfa. Others write, "I liked your column yesterday, but..." All of them have different points of view.

From where I sit, that's the way it should be. Everybody's entitled to an opinion—and it's those very differences, and friendly criticism,

that make for tolerance and better understanding—whether it's ideas on planting alfalfa or choosing between beer and cider.

The more folks air their differences right out in public, with a neighborly respect for the other person's liberties and point of view, the closer we are to the American principle of individual freedom—whether it's in a choice of crops or beverages.

Tel Aviv Bomb Victim

Jewish rescue workers remove a victim from a bomb-blasted building after an Arab air raid on Tel Aviv, capital of Israel. Water from a broken main soaks the street and the workers. Arabs were attempting to disorganize Jewish defenses by heavy shelling and a food and water blockade. (NEA TELEPHOTO by David S. Boyer, staff correspondent).

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloated and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, fresh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Oak Grove 4-H Club Meeting

The Oak Grove 4-H club observed Rural Life Sunday, May 16 at the community house. Members of the club, their parents and friends met at 12:30 for a basket dinner.

The afternoon program opened Beautiful! The president, Barbara Beautiful! The president, Barbara Carney, then led the group in repeating the 4-H club pledge. She gave a short talk on the "Purpose and Results of 4-H Sunday." The meeting was then turned over to the program chairman, Gene Schlobohm. He presented a very interesting program of readings, musical numbers, demonstrations and songs by the 4-H club members. He then presented the

speaker of the afternoon, Rev. Ralph Hurd, who used as his subject, "Right Rules for Living." His talk was enjoyed by everyone. The meeting closed by all singing, "Blest Be the Tie that Binds," and the benediction by Rev. Hurd.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!
